

Artisanal Fishers Threatened Species Declaration

We the undersigned nominated representatives of the Artisanal fishery, having:

- i) undertaken a detailed review of the artisanal catch and its impact upon threatened species, and
- ii) identified, discussed and agreed upon measures to reduce that impact,

express our willingness to take the below specified measures to reduce the impact of the artisanal fishery upon the listed threatened species, subject to the below stated conditions.

Conditions

1. The below species measures will apply for the duration of the proposed artisanal threatened species plan (i.e. 3 years). During the final year of this period the measures will be reviewed and require further fisher agreement for their continuation.

2. Engaged the Seychelles Fishing Authority to:

- Move rapidly to regulate these measures under the appropriate provisions of the 2014 Fisheries Act. Incorporating the effective time span of the provisions in line with the duration of the threatened species management plan.
- Undertake to properly monitor the artisanal fishery and enforce the threatened species provisions to ensure their effective implementation.

Agreed Species Measures.

SPECIES	ENGLISH/ CREOLE NAME	AGREED MEASURES
<i>Cheilinus undulatus</i>	Napoleon wrasse Aya zerar	Minimum catch size 60 cm TL
<i>Bolbometopon muricatum</i>	Green humphead parrotfish Filanbaz	Minimum catch size of 60 cm TL
<i>Epinephelus lanceolatus</i>	Giant grouper Vyey krab	Minimum catch size of 60 cm TL
<i>Carcharhinus albimarginatus</i>	Silvertip shark Reken waro	Minimum catch size 100 cm TL
<i>Carcharhinus plumbeus</i>	Sandbar shark Zelron	Release ¹
<i>Hemipristis elongata</i>	Snaggletooth shark Ledan deor	Release if still alive (no sale)
<i>Negaprion acutidens</i>	Sicklefin lemon shark Kabo roz	Minimum catch size 150 cm TL
<i>Rhina ancylostoma</i>	Bowmouth guitarfish Gitar/Pantouf	Release
<i>Rhynchobatus australiae</i>	Whitespotted wedgefish Vyolon	Minimum catch size 100 cm TL
<i>Aetomylaeus vespertilio</i>	Ornate eagle ray Lare dore	Minimum catch size 100 cm DW
<i>Pateobatis fai</i>	Pink whipray Lare bannan	Release
<i>Urogymnus asperrimus</i>	Porcupine ray Lare boukle	Release
<i>Taeniurops meyeri</i>	Round ribbontail ray Lare brizan/soulman	Release

¹ Subject to provision of necessary identification information
