

GEF-Satoyama Subgrantee Highlights Report

Organization Name:	GIF
Country:	Seychelles
Reporting Quarter:	FY19 Q1 (July to September 2018)
Person submitting Report:	Mariliana Leotta

<Highlight 1>: District Meeting for fishers
On the 8th of May GIF invited fishers' representative to a National Meeting held at Indian Ocean Tuna (IOT) Conference Room.
Findings of the 12-month survey on 20 globally threatened species were shared with the fishers to get agreement on threatened species management measures to be proposed to Seychelles Fishing Authority (SFA) for formulation under the 2014 Fisheries Act.
There will be another national meeting later in the year where these measures will be further visited and refined before a co-management plan is presented and endorsed by SFA.
The press was present during the first part of the meeting and the following days 2 articles have been published.
